

# FIRST FULL YEAR SUMMARY 2015

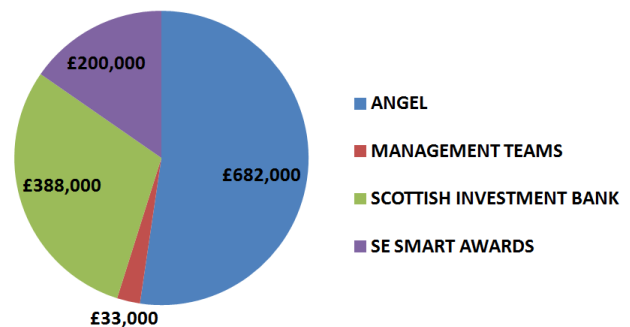

Released 17<sup>th</sup> Jan 2016

## 2015 DEAL FLOW

## EOS LED FUNDING SECURED IN 2015

TOTAL = £1.3 million

### Digital Sports Arena

Digital Sports Arena is a BAFTA award winning team of game industry executives with a proven track record of delivering multi-million selling sports franchises. DSA are developing a new football management game aimed at the mobile and eSports markets.

### Alfacyte

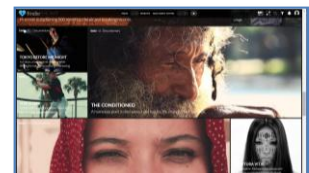

Alfacyte is developing a novel immunoregulatory formulation for the oral treatment of food allergies based on the immunological activities of two candidate cytokines, with adjuvant-like activities.

### Chromacity Lasers

Chromacity have developed wavelength tunable femtosecond lasers from the ultraviolet (400 nm) to the mid-infrared (> 6 μm) for industrial and scientific applications in fluorescence microscopy, gas spectroscopy, laser material processing and semiconductor engineering.

### Findie

Findie exists to showcase the thousands of incredibly talented filmmakers whose work deserves to be seen. Findie search every corner of the internet to find the best cinematic videos. They're categorised in their proprietary content engine, then recommended to you based on what you view and love.
